

## Board members required

**Foundation Board members are being sought for the \$40m Lake Rotorua Incentives Scheme**

You will be required to assimilate challenging agribusiness information to inform decisions on the reduction of Nitrogen flowing into Lake Rotorua, specifically identifying which proposals best address the purchase of 100 tonnes of Nitrogen over an eight year period, within a budget of \$40m.

To achieve this challenging goal the Board will collectively require experience and knowledge of farming practises, general business acumen, governance, legal understanding and risk assessment.

Quarterly board meetings will be held in Rotorua therefore travel expenses (if required) will be paid, along with a nominal remuneration.

If you believe you have the knowledge required for this nationally recognised project and a desire to make a difference, we'd love to hear from you.
